

Policy #1104

Title: INCLEMENT WEATHER & EMERGENCY CLOSING POLICY

Responsible Oversight Director: Director of IT & Operations

Original Policy Creation Date: March 2008

Date of Current Revision: February 2024

A. PURPOSE

The Southern Virginia Higher Education Center's (SVHEC) Emergency Closing Policy is to ensure inclement weather and emergency closing decision-making is coordinated and systematic. Circumstances that require emergency closings include inclement weather, utility failure, hazardous materials, fire, flooding, hurricane, tornado or other forced evacuations from the campus.

B. AUTHORITY

Virginia Code [Section 23.1-3120 through 23.1-3124](#), as amended, grants authority to the Board of Trustees to establish rules and regulations for the institution. Section VIII (E) of the [Board of Trustees Bylaws](#) grants authority to the Executive Director to implement the policies and procedures of the Board relating to the SVHEC operations. The Governor gives authority to Agency heads outside the Metro Area to make closing decisions for their agencies.

The policies of the SVHEC fall within the following framework and hierarchy and, therefore, are subject to compliance with laws and regulations instituted by higher levels of authority:

1. Federal laws and regulations
2. State laws and regulations
3. Board of Trustees policies
4. **SVHEC policies**
5. Departmental policies and procedures

In the event of a conflict between different levels in 1 through 5 above, the lower numerical heading shall take precedence over higher numerical heading.

C. DEFINITIONS

Emergency Situation – Any situation that hinders access to the campus or use of the facilities such as power outage, accident, hazardous materials spill, area evacuation, fire, gas leak or other such conditions.

Inclement Weather – Snow, sleet, hail, heavy rain, stormy conditions, ice, tornado, hurricane, or other such weather conditions.

D. SCOPE

This policy is applicable to all members of the SVHEC community, which includes SVHEC staff, partners, faculty, students, and other users of the facilities unless otherwise stated. SVHEC Policies and Procedures are applicable to all members of the SVHEC community unless a specific policy states otherwise. SVHEC policies are located on the website, www.svhec.org.

E. POLICY STATEMENT

The SVHEC operations may be closed when the weather or other emergency situations create a hazardous operating and/or travel situation. The SVHEC may be closed for inclement weather or other emergency situations for a specific period of time when determined by the Executive Director or their designee. The Executive Director and Director of IT & Operations and/or Manager of IT & Operations will work with our Community College partners and any other Educational Partners as necessary in making this decision. Established channels of communication will be activated to notify everyone of the operational status.

Every effort will be made to keep the SVHEC open during inclement weather. However, when conditions dictate, a decision will be made to either delay class start times, cancel classes for the day/evening, or close the campus completely. Each employee is expected, in the final analysis, to decide whether it is possible or safe to come to the campus. During inclement weather, employees should work with their supervisors to adjust their work schedules if needed. If the agency is open, but an employee is unable to come in, needs to arrive late, or leave early, please accommodate their leave request. Vacation or personal leave may be used in this instance.
